## Campus Thunder Committee Plans University Night

By Len Goldstein

Friday evening, November 18, has been designated as "University Night" at Campus Thunder. It is the hope of the committee in charge that many fraternities, clubs and other organizations will take this opportunity to procure blocks of seats so that members may sit together and share the enjoyment of what promises to be the greatest, grandest, most riotous and hilarious production yet to appear on campus.

A number of organizations have already indicated that they intend to utilize this plan of bringing their members together for an evening of solid, fun-packed entertainment, and some have announced that they will give cocktail parties before the show.

All UB alumni, especially those who were former participants in previous Campus Thunder productions, have been extended invitations to attend on "University Night".

Ev Matson, campus production's business manager, and his assistant, Stan Josephson, have asked all organizations and groups of students interested in having blocks of tickets set aside for them, to contact them personally, or put a note in Mr. Dickason's mail box on the Fairfield avenue campus. Matson stressed that all reservations for blocks of tickets must be received by November 9.

Single tickets will go on sale at the college bookstore on November 9, from 9 a.m. to 6 p.m. and from 7 p.m. to 9 p.m. From November 16 through 19, tickets will be available at various places around the city and at the Klein Memorial box office. Prices for all performances are \$1.20 and \$1.80, tax included.

The original songs for the 1950 edition of "Campus Thunder" have been written by Steve "Lazy" Mar-

(Continued on Page 2)

## School Plans End of Parking Congestion

Plans are being made to alleviate the parking problem at the Seaside campus by converting some of the vacant property owned by the University into private parking spaces for students and faculty, it was announced by President James H. Halsey.

Since the general public will be barred from the parking area, the facilities will be used exclusively by the students and faculty members, President Halsey said.

A similar plan was proposed last year but the city zoning board overruled it and the idea was dropped. The University will again endeavor to have the plan passed, he said, if there are no objections from the zoning board or the Seaside Park residents.

If the program is approved, the University will surface the designated parking area and put it in a presentable condition.

The administration would appreciate comments and suggestions from the students regarding this problem.

## Presenting the Purple Knight

Russell McLaughlin, UB's Purple Knight, prepares to lead the bonfire ceremonies at the "Beat New Haven Teachers" grid rally Friday night. Russ provided a stunning spectacle as he charged down Barnum Field in the darkness with torch in hand, to light the bonfire. From there the Purple Knights picked up the torch and rode to a 19-7 victory over New Haven Teachers Saturday night.

## UB Parents' Association to Hold Organizational Meeting Saturday

An organizational meeting for the purpose of planning the formation of a University of Bridgeport Parents' Association will be held on the Seaside Park campus on Saturday, October 29, President James H. Halsey announced.

The purpose of the association is to "Further help students toward a more successful college experience by establishing a closer relationship with parents." As more fully stated in a letter by President Halsey to parents inviting them to the meeting, "The Parents' Association is being formed so that you and we may work more closely together in the educational interests of your sons and daughters. Through the medium of such an organization, you will have

better opportunities to know the members of our faculty and to understand our aims and objectives as well as the manner in which we hope to achieve these aims.

The Parents' Association will help us to appreciate better your hopes and plans for your sons and daughters, and it will provide an effective means for you to make suggestions for the improvement of our endeavors. By working together in this manner we can enrich and facilitate the education of your sons and daughters—and I know this is our mutual desire."

Parents' Day activities will open at 2 p.m. with a business meeting at the Seaside Park campus, at which time a tentative constitution and a preliminary set of by-laws will be presented for approval, permanent officers elected, and committees selected. The period from 3 to 5 p.m. will be utilized for meetings with the deans, department heads, and faculty, to be followed by a social period at Bishop Hall. At 8 p.m. the parents will be guests at the UB-Panzer football game.

Proposed dates for all events other than regularly scheduled activities should be cleared with Mr. James W. Southhouse, director of schedules and programs.

## Football Rally Set For Marina Circle Friday

This week's beat Panzer football rally will be sponsored by the cheerleaders and will be held at 5 p.m. Friday, at Marina Park. The band will be on hand to lead the songs and cheering. Following the pep rally, the movie, "Frankenstein Meets the Wolf Man", will be shown at Fones lecture hall.

The Social Activities committee and the Audio-Visual Aids department have successfully sponsored feature pictures for the past four weeks, under the supervision of Elmer Maher, assistant director of the department.

As long as the student response remains favorable, these Friday night activities will continue. No admission will be charged, and all students are invited to attend.

## McMahon Urges Calmness In Crucial Point of History

By Bill Orris

Senator Brien McMahon, chairman of the Joint Congressional Committee on Atomic Energy, in an exclusive interview with the SCRIBE preceeding the convocation exercises in Klein Memorial Auditorium, Tuesday morning, reported on the state of atomic affairs as they now concern us since the revelation that Russia has gained the technical knowledge of atomic bomb production.

Sen. McMahon cautioned and emphasized that first and foremost we should remain calm in face of this latest development on the atomic scene to avoid hysteria and panic. Next in importance, the senator emphasized, is that we must recognize and appreciate that the United States now faces the most crucial dilemma of its history.

Describing the manner in which the United States first proposed a just and workable plan to banish atomic weapons from world arsenals, Sen. McMahon reiterated Russia's rejection of the plan and then pointed out that they preferred to develop their own atomic weapons rather than support and encourage a plan for universal abolition.

Indicating the deliberateness of Russian intent, Senator McMahon stated that Russia started her espionage of the atomic project while fighting the axis powers as an ally of the United States. This, he said, became evident with the exposure of the Canadian spy ring which was discovered to be operating as early as 1943 if not earlier.

"We must alert the entire civilized world to the peril which the Kremlin policy involves" stated Senator McMahon. "We must employ to the utmost every channel of diplomacy which yields the slightest hope of finding a way out of the impasse."

"Ingenuity must be employed in placing this issue before the Russian people," McMahon stated, speculating that this might be accomplished through the agency of the United Nations. "Uncensored radio stations operated and controlled by the U. N. might be the direct means of approach," he suggested.

"Reciprocal, uncensored radio broadcasts to the people of both

(Continued on Page 2)

## Donaldson Named Editor-in-Chief of The 1950 Wistarian

Robert Donaldson, former Wistarian business manager, has been named editor-in-chief of the 1950 Wistarian, according to Mr. Wendell Kellogg, faculty adviser.

Donaldson, who has served two years as business manager of the Wistarian, treasurer of the Student Council, and Scribe columnist, was vice president of his sophomore class.

Everett Matson will temporarily serve as managing editor until his graduation in 1950. He will be succeeded by Len Goldstein.

An editorial board, consisting of Arthur Ziegler, layout editor, Bud Harris, club editor, and Ray La-Coursiere and Bob Stockmahl, photography co-editors, have been appointed to function under Matson's direction.

Mike McCluskey has been appointed director of publicity, while Bill Canliffe will be sales and circulation manager. A business manager whose duty it is to co-ordinate activities, is yet to be named. Interested students with sufficient time to apply to the job are asked to communicate with the editor-in-chief.

Other members of the editorial and business staffs include: Beatrice Lobovitz, Bette Ann Peterson, Barbara Sinclair, Joan Broadbent, Marilyn Sorrentino, Evelyn Fisher and Ann Eichengreen.

## German Club Plans Recital Next Month

The German club in cooperation with the University Music department will sponsor a recital of German songs next Wednesday evening, November 9, in Fones Hall at 8 o'clock.

Mrs. Charlotte Jaeckel, mezzo soprano from New York who specializes in German songs will be guest singer. Mrs. Jaeckel will render selections by Bach, Brahms, and Schubert. Accompanying her at the piano will be Mr. Harold Dart of the music department.

## Industrialist to Speak To Business Students

All Business Administration juniors and seniors are urged to attend a talk this afternoon at 2:00 p.m. in A220 by Ernest G. Scheichert, President of the Hyster Company of Portland, Oregon, manufacturers of heavy construction machinery.

Mr. Scheichert's subject, "American Enterprise and the American Economy," will be followed by a question and answer period.

## Informal Dance at K. of C. Hall Nov. 4

The annual Turkey Trot will take place Friday evening, November 4th, at Knights of Columbus Hall. Dancing will begin at 8 p.m. This is strictly informal and is open to all UB students, stag or drag.

There will be square dancing for the "down on the farm" boys, along with modern dancing. The "Hungry Seven" will provide entertainment (well anyway, they'll be there), and there will be a variety of student acts. Admission is 50 cents, including tax.

The committee in charge includes: Paul Jepson, chairman; Ray Rice, publicity; Jack Holmes, refreshments; James Dillman, entertainment, and Ann Eichengreen, decorations.

# Foneyville Follies

by Bob Donaldson

Dan Cupid seems to have been working overtime in the past few weeks and we must cast blessings on those who have thrown discretion to the winds and decided that two can live as cheaply as two.

Milly Palmatier, our fair Fones switchboard operator, married Tom Toohey Saturday which all goes to prove that a good "operator" always gets her man. . . . Ray La-Coursiere, UB's favorite demon photographer, has announced his intentions of wedding lovely Paul-ette Goirlet of Bedford, Mass., this June. . . . Ray is writing a quick resume of his romances entitled "The Joys of Photography" or "Seven Nights in a Darkroom."

Tom McGannon has surrendered his cherished "TS" fraternity pin to luscious Darcy Ulmer and now the lucky girl has Tom, his pin, and Ev Matson, TS treasurer, following her around to make sure she keeps up the payments on the pin. . . . Seriously though, Congratulations to both of you.

## Year Book Plans Made

Tentative plans have been made to put out a University year book with P. T. Barnum and his Barnum and Bailey Circus as the "motif." . . . It holds tremendous possibilities and with the proper student support it might develop into something to write home about.

Joe Mitchel has a fool-proof method of separating the "wheat from the chaff" in his pursuit of romance. . . . Joe simply says to the lucky prospect: "Let's go over to the Parkwood and have a beer". . . . If she agrees she is in, and may go on to bigger and better things like "two beers" at the Parkwood.

Fred Altvater is walking around in a temporary vacuum since his slick little chick has been on a vacation. . . . As Fred says: "If I only knew when she was coming home, I might be able to find something interesting to liven the long days and nights." I'm joking, Fred, You're true blue (if your girl reads this).

## Louise Crocco Engaged

Louise Crocco of Beta Gamma and Al Vetrano of Alpha Gamma Phi have been making a handsome couple around the campus for a good bit of time and I would like to extend sincere congratulations to them on their prospective marriage. . . . that beautiful diamond puts spots in your eyes.

And now a short pause while we put in a plug for Bob Stockman and the new-born UB Photography club. . . . It would be worthwhile for any UB camera enthusiast to look into this, for the club has ambitious plans for the future and the pooled facilities will be a tremendous aid to budding photographers who are strapped for

proper equipment.

The Bridge addicts are at it again in the Stables and any day you can see Harry Noyes and Chuck Braunfield smiling sheepishly across the table at each other as if to say, "I know I should be doing homework, but isn't this the nuts?"

Joan (the galloping ghost) Hutchinson gave a sensational performance in the football tilt between the sororities and the girls' dorm last Friday night. . . . I truly believe that our UB team took one look at Joan and said "By George, so that's how it's done". And went out to beat New Haven.

## Another Engagement Announced

Congratulations are in order for the approaching marriage of Leroy Lehman and Sally Anne Morrison. The date hasn't been set, but with the help of a few "A's" and Uncle Sam they may make it soon.

And a big cheer for the stellar blocking demonstrated by Carol Conway in the Friday night football fray. . . . Carol doesn't realize that she is a member of the "weaker sex" and neither do I.

Kay DeWitt has been singing the "I Walk Alone" blues since Ray Clarke departed for everywhere, U. S. A. in continuation of his job as sales representative for Vic's Chemical Products. . . . Cheer up Kay; there is absolutely nothing like a reunion; absolutely nothing.

Adieu for the Anon students and remember that if you give up smoking and drinking, and women you will live to be a hundred; but who calls that living.

## Campus Thunder '50 Plans University Nite

(Continued from Page 1)

tin and Harry Ahlberg, a musical team for more than eighteen years.

Mr. Ahlberg is currently writing music to accompany Mr. Martin's lyrics for the "Song of the Year" contest. Their efforts have resulted in eight new exciting tunes. One of the show's featured tunes, "The Donut Polka," was recently recorded by Frank Wojnarski, the "polka king" and his orchestra. This wax-

## Eleven Instructors Continue Education In Graduate School

School days do not necessarily end when you receive your B.A. or B.S. from a college. At least that is the case of eleven of the twenty-two full time business instructors at UB.

The UB business instructors who are increasing their knowledge of their particular fields to pass on to their present and future students include the following:

Messrs. Burrington, Di Leo, Fitzgerald, Hampson, Petitjean, and Yakel, who are all working toward graduate degrees at New York university.

Messrs. Gardner and Sapelli, who are doing their graduate work at Yale university.

Mr. Off, who is attending the New School for Social Research in New York city. Mr. Fenner, who is studying at Columbia. Miss Anderwald, who is doing her graduate work on home ground, UB.

## Calmness Urged by Senator McMahon

(Continued from Page 1)

nations should be encouraged in gaining objective insight into the atomic problems facing the world today.

"The Iron Curtain is Russia's plea of guilty before the world. Only a nation which has something to hide—which fears the truth—will shut itself off from friendly intercourse with other nations," Sen. McMahon stated.

The Senator concluded with the statement that democratic ingenuity can find way to pierce the Iron Curtain.

"In this supreme task," he said, "we must employ every possible method to reach our goal."

A book containing information concerning careers for women and the opportunities available for such preparation at UB is being considered for female high school seniors. Mrs. Ruth Conlin is in charge of the preparation of this book.

ing, soon to be released by a popular recording company, will be followed by four other tunes from the show.

## Alumni Prepares Reunion Program For November 12

Miss Doris Borup, '41 secretary of the University's Alumni Association, has advised the Scribe that the committees, preparing for the forthcoming alumni reunion scheduled for November 12, have been progressing smoothly. Daniel Cremin, '34, president of the association, chaired a recent meeting at which the social activities committee, through its chairman, Frank Verrilli, '42, reported on the program.

Starting with the annual business meeting scheduled for 3 p.m. at Fones Annex, and following through with an Alumni dinner at 6 p.m. in the Candlelite restaurant, the day will be topped off by what promises to be a thrilling grid contest between the Purple Knights and Arnold College at 8 p.m. at the Candlelite stadium.

The newly organized Quarter-back Club of Bridgeport was invited to the dinner and game.

A special seating section for the Alumni has been reserved for the more than two thousand former UB and JCC students who have been informed of the reunion plans through the "Adviser," monthly newspaper carrying notes of special interest to graduates.

## Smoking Regulations Studied by Committee

The Student-Faculty Committee on Smoking and Fire Prevention met last week to review the smoking arrangements on the campus with the new buildings which have been put into use since spring and to discuss the fire situation as brought to the University's attention by the Bridgeport Fire Department.

The list of allowed smoking areas will probably be available next week, announced Ed Kost, secretary. Other members of the committee include Bob Polson, Joe Bodnar, Mr. James Southouse, Mr. Wendell Kellogg, Mr. Charles Jacobs, Mr. Alexis Boldakoff.

## Purple Knights Play Host to Panzer Eleven on Saturday

Panzer college from East Orange, N. J., will be the next opponent for the Purple Knights, 8 p.m. Saturday at Candlelite stadium.

The boys from the Jersey town, dropped their first four ball games, losing last Saturday to Rider college by the humiliating score of 53-0. Last year the Panzer eleven was able to win only one game while losing six and tying one. The lone victory was an upset against CCNY.

Coach Walt Kondratovich is not taking this game too lightly because he figures that an upset by Panzer can be in the making if his charges aren't ready and "up" for this contest as they were for last week's game.

To date, Panzer has met New Britain Teachers, East Stroudsburg, Montclair, Glassboro and Rider, but in each game they showed plenty of fight.

Coach Harold E. Rebholz of Panzer would certainly like to make his Bridgeport debut a very successful one by turning the tide

From: The Scribe Board of Editors

To: John Longo and Frank Giannini

Please accept our sincere apology for the error which appeared in Introducing the Purple Knights in last week's issue of the SCRIBE.

The picture on the left is not that of John Longo as the caption states, but of Frank Giannini. Frank is a sophomore, weighs 160 lbs. 5'11" and comes from Bridgeport. He was All-District in '47 and All-State honorable mention the same year while a member of Harding's state championship team. Frank is a good quarterback in Coach Walt Kondratovich's T-formation.

on the Purple and White who are now favored by two touchdowns.

No definite starting line-up can be posted for the Panzer game as

## Introducing the Purple Knights

Left: Johnny Longo, Sophomore, 165, 5'5" from Bridgeport. A star performer at Harding High in football and track back in '47. Has much speed and has determination. Nickname: "Bebe."

Upper Left: Tim Ramik, Sophomore, 190, 6', from Stratford. UB co-captain. Named to Little All-American honorable mention in '48 by AP. Plays hard and fast at his end position. Nickname: "Ding".

Center: Paul Maciocca, Sophomore, 175, 5'7", from Central where he was varsity three years. All-District in '42. A good defensive man, hard worker. Plays center. Nickname: "Grumpy".

Upper Right: Norm Victor, Sophomore, 200, 5'11". Two years varsity football at Bordentown, (NJ) Military academy. A very spirited and driving tackle. Nickname: "Mouth" or "Academy Award".

Right: Willie Moran, Sophomore, 175, 6' 1". Had four years varsity at Harding. Named All-District in '46. Injured early season but is expected to join the squad next week. Nickname: "Lover."

## -- Captain Charlie Feld -- Of Soccer Team Has Been Playing Game Since Boyhood Days in Vienna

by Bill Chambault

Charlie Feld, captain of the 1949 edition of UB's varsity soccer team, is a natural for the post. Why? Because he's been playing the game since he was knee-high to a grasshopper.

Charlie was born in Austria, a country whose national sport is soccer. He grew up in Vienna and being a regular Austrian boy, began to play soccer, just as most American boys take to baseball.

During his 16 years in the European country, Charlie developed into a good soccer player. He played the game continuously and whenever one of the boys in the gang wanted Charlie, all the lad had to do was go down to the nearest soccer field and nine out of ten times he would find Charlie either kicking in another goal or else making some spectacular defensive play.

However, things changed a bit in 1939. Some ambitious joker named Adolf decided he wanted to rule the world, so he dispatched his boys into various European countries, Austria included.

With the first reports of war, Charlie now all of 16, sailed for America. Landing at New York he met his aunt and uncle and has been living with them in Bridgeport ever since. That is, except for a stint in the Pacific area with the U. S. Navy Seabees.

After receiving his honorable discharge from the Seabees, Charlie enrolled at UB and is now in his Senior year as an accounting major;

and we might add he is a good student.

Charlie has been a member of UB's soccer team for three years, with his first season on the squad furnishing him his greatest thrill.

As Charlie told the experience, "We didn't have too good a team that year and we were able to score only one goal all season. However, that lone goal was against a strong West Point outfit and I was fortunate enough to score it."

Charlie who plays center forward, also tallied once against the Cadets last year, so he is more or less beginning to become a thorn in their side.

His attitude towards the approaching seven-game campaign is one of high optimism. "We should have a much better record than we did last year (0-4). The men are not as green as they were a year ago, and in addition our ranks have been strengthened by a number of experienced players."

Other than soccer, Charlie has few outside interests. However, he does quite a bit of bowling and was high scorer for Sigma Phi Alpha's team last year.

Most of the time if he is either in class or on the soccer field, Charlie can be found working in the local Sears and Roebuck store where he has been employed for the past three years. When he graduates the company intends to place him in their auditing department.

## Two Fraternities Unbeaten, Untied In Football Loop

Alpha Gamma Phi and Kappa Beta Rho, fraternity league entrants, were the only unbeaten and untied teams in either intramural loop following the first week of the football campaign.

Four other squads, Park Hall, the independent Steamrollers in the dorm circuit, Delta Epsilon Beta and Universal Brotherhood Association had only ties to mar their otherwise perfect records.

After defeating Theta Sigma, 12-0, in the "frat" league opener, AGP received a forfeit win over Sigma Phi Alpha to lead all teams with a 2-0 mark. KBR moved into second place by belting winless and still scoreless TS, 26-0, in their only start. In the remaining "frat" game of the week, DEB and UBA struggled to a 6-6 tie.

In the dorm league, both Park Hall and the Steamrollers, who played to a scoreless tie in their initial outing, won their next starts to remain in a first-place deadlock. Sparked by Bill Noble who scored twice, the Park Hall "Aces" dumped West Hall, 17-13. "Duke" Du-boise tallied all the loser's points.

The Steamrollers kept pace with the "Aces" by beating Waldemere, 12-6. Alberg and Buttlemann scored for the winners while Brown went across for Waldemere. Waldemere bounced back from this setback and aided by Allen's two TD's, blanked the league's other independent club, the Trojans, 15-0.

Games next week are: Trojans-West and SPA-UBA; Nov. 1, TS-DEB; Nov. 2, AGP-KBR; Nov. 3, Park-Waldemere and DEB-AGP.

## ROVING REPORTER

By Sid Sobel

Question: Now that the Engineering building is almost completed, what do you think should be the next building constructed on the Seaside campus, and why?

Jane Lalley, secretarial post graduate: The building needed most by UB is a completely equipped gymnasium to be used by both fellows and girls. This would eliminate travelling downtown to participate in physical education. The gym could also be used for school dances.

Stanley Epstein, business administration senior: Every school needs a theater and UB is no exception. The Little Theater, although it is nice and cozy, will not be adequate for future productions. I believe a theater is important because it entertains outsiders as well as students and should make a good impression on all.

Claire Saltman, business administration junior: In my opinion, a building should be constructed to house the College of Business Administration. There are more students enrolled in business administration than in any of the other curriculums, so why not give us a break with some decent classrooms.

Harris Pitasch, liberal arts junior: A post graduate school should be next on the list for construction. A post graduate school will help to attract students to UB. It would dispel the ancient belief that UB is still a junior college.

Elaine Levin, business administration sophomore: An adequate size snack bar is my choice. The student body has developed so rapidly that the snack bar is now much too small to serve all the students who wish to eat there. A new snack bar would solve the problem of a between-class cup of coffee.

Andy Malinowski, engineering sophomore: We need a good library. The one available at Fones Hall is not large enough for the present day student body. The amount of reference material is insufficient. A better library would make it easier to do homework.

### Claude Thornhill Appears At the Ritz Ballroom

One of the nation's top dance bands, Claude Thornhill and his orchestra, will appear at Bridgeport's Ritz Ballroom, Sunday, October 30. Claude is a triple threat leader known for his piano artistry as well as his arranging and composing talents. Picked by Look magazine as the band of the year last year, Claude still reigns as supreme in the field of smooth and distinctive dance music.

Monday night, October 31 is the date of the Ritz Ballroom's annual Hallowe'en Dance and Mardi Gras. It will be a gay evening with prizes going to the best costumes. \$100.00 cash and 100 other prizes will be awarded. Free cider and donuts, as well as souvenirs to all are also features of the evening.

Dancing will be to Joey Zelle and the Casa Ritz Orchestra.

Other features coming up soon will be: November 6, Elliott Lawrence; November 13, possibly Benny Goodman; November 20, Johnny Long; November 24, Ray McKinley; and November 27, Larry Green.

The week of November 13 to 19 has been proclaimed all over the nation as National Dance Week.

### Soph Co-ed Tours Europe With NSA

(Continued from Page 3)

completely bombed. German pill boxes were in evidence in the Hague and an entire block would have to be bombed to remove them.

Orange and red tiled roofs predominated the coloring in the residential section. There were cobblestone streets, roses in all the front yards (it wasn't tulip time) and of course the famous canals could be seen throughout the country.

In addition to automobile lanes there were bicycle paths. It amused Meryle to see smartly dressed men with homburg hats riding on bicycles. Contrary to what she had imagined, there were very few windmills and only some of the existing ones were in use.

The fostering of good will in Rotterdam was obvious. The Dutch student, who had acted as their guide for the day, was eager to help his American acquaintances and show them the places of interest in Rotterdam.

That evening, weary, but enthusiastic, the group made preparations to continue their journey.

### Knights Stop Elm City Winning Streak

(Continued from Page 6)

Pleased with the showing of his line against the Teachers was the coach Kondratovich who saw his line charge and block much better than at any other time this season. Both offensive and defensive line play was great for the Knights. Lou Saccone, Dick Whelan, Henry Bednarzyk, Dan Paoletti, Paul Maciocca and Bob Kyde played an outstanding game.

The backfield was also in good form with Tony Ross, Johnny Longo, and Frank Giannini doing most of the ball carrying, while yeoman performances were turned in by Lombard, Marchette, Costa, Frank (Stumpy) Falanga and Art Wargo.

As for the New Haven Teachers, much credit must go to Freddie Meyers. He was excellent in a losing cause along with his running mates Vic Toplitsky, Bob Schmidt, and Carl Giffen. Carmen Callendrella, Buddy Dempsey, Fred Macuada and Al DePalma played well on the New Haven line.
